- ETHNICALLY DIVERSE (SUNNI, SHIA, KURDISH, YEZIDI, CHALDEAN, TURKOMEN, SHABAK)

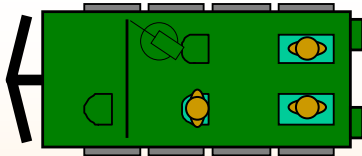

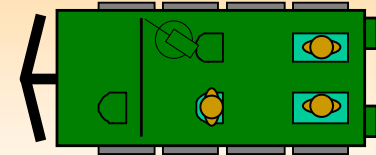

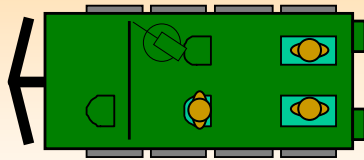

'THE SECOND LARGEST CITY IN IRAQ'

Stryker Engineer Squad Vehicle (ESV)

Typical Route Clearing Formation

Results: over 400 IEDs detected in 12 months

No Soldiers lost to IEDs on these missions

Additional Capabilities

- Vehicle's speed enabled it to maintain a pursuit
- Durability enabled Soldiers to not only survive, but complete the mission with a damaged vehicle.
