Catalog Search
Catalog Search allows the user to search by keyword, part number, UPC, catalog number, NIIN or NSN. You will also be able to browse by category or narrow your search according to particular attributes, e.g. price or supplier.

Power Search
Power Search is a feature of DOD EMALL that allows a user to manually search for up to two hundred part numbers, manufacturer part numbers or NSNs at one time. You can also import a text file for an easy way to search for multiple items without typing in each number.

Product Comparisons
Product Comparisons allow the user to display more than one item, side-by-side to assist in review of product information such as Item description, Unit of Issue, and Price.

Speciality Stores
Speciality Stores is where you will find collections of items built by DOD EMALL for broad user groups. These collections contain like items in logical groups and are available to all users to speed up the shopping process. You can review each list and select multiple items from it for adding to a shopping cart.

Competitive Pricing
Competitive Pricing (e.g. On Demand Manufacturing) occurs after the user adds an unpriced item(s) to a shopping cart, and before the user clicks "Checkout". It is used to request and receive competitive quotes from multiple vendors who are already on contract and have the ability to make a product or perform a service. A cart containing items that must be competitively priced cannot be checked out until those items are priced.

Housing
Housing is used to initiate delivery orders with contracted housing suppliers. This application encompasses competitive pricing for housing requests, order management, and invoicing. Access to the Housing Module is by Special Permission only. Should you need access, proceed to the Special Permissions tab in My Account to apply.

We invite you to submit a proposal to join the Department of Defense Internet shopping service called DOD EMALL, the Department of Defense Electronic Mall. The DOD EMALL is an Internet based Electronic Mall, which allows our Military customers and other authorized worldwide customers to 'shop' via a web page for the commercial products they need. Our military and federal customers may choose to order by Government MILSTRIP requisition or by using the Government purchase credit card.

Participation on the DOD EMALL is free of charge to all vendors. All that is required is a DOD EMALL contract and the ability to participate in the DOD EMALL e-commerce architecture. The DOD EMALL offers you the potential to increase your sales while reducing your administrative costs. Your participation in the DOD EMALL allows you to update prices, display parts availability or delivery, show technical specifications, pictures of your merchandise, and choose how you want to receive your orders (EDI delivery orders or electronic mail). You will enjoy worldwide exposure for your products targeted directly to Military and Federal end-use customers, 24 hours a day, and 7 days a week. DLA adds a 7.2% surcharge to prices, paid by customers, to cover EMALL administrative costs. DOD EMALL is at http://www.emall.dla.mil

Joining the DOD EMALL team is easy. A copy of the DOD EMALL solicitation is available at http://www.dscc.dla.mil/programs/Emall/ or by contacting Jacqueline Washington, Jacqueline.washington@dla.mil, (614)-892-5372 or Jim Secrist, james.secrist@dla.mil, (614) 892-7346
