28 Feb 2008

# Industry Comments

- We are in the “build it and they will come” mode rather than responding to specs...we are advancing the technology at a rate never seen at our own expense but we are doing so without standards or policy or direction.
- There is no defined road map...if the DoD Biometrics Community allowed us to see 5-10 years forward – then our R&D funds would be spent in a more focused manner.
- Even better would be for you to give us your issues – specific issues - and allow us to work towards a solution. We like to utilize our minds on creative solutions.
- RFI's, RFP's?

## BTF APBI Mission

- **provide Industry with updates on biometric programs and their status,**
- **provide the Biometrics Task Force with an opportunity to leverage the best ideas from Industry, and**
- **push the Industry to move their technology on a seamless path to a viable government solution.**

# Presentations

- **Situational Awareness**
  - Verbal presentations will be short and focused for the allotted 15 or 30 minute time periods.
  - Questions?
  - The APBI is meant to be the beginning of the dialogue between Industry and key biometric stakeholders.

## Take Aways...

- Strategic and operational “cardinal” directions first; RFI’s/RFP’s follow
- **“bid up” technology** - Moore’s Law ~ 18-24 months; focuses on better and better technology
- Timelines/trendlines
- Points of Contact

## Agenda

Introduction  
Biometrics Task Force  
Architecture  
Biometric Identity Management  
**1000 – 1030**                      **Break**  
Standards  
Army Initiatives  
Tomorrow's Technologies  
BAA  
**1200 – 1300**                      **Lunch**  
DoD and Intelligence Community  
Marine Corp Initiatives  
Navy Initiatives  
**1430 – 1500**                      **Break**  
SOCOM  
NORTHCOM  
Navy Identity Management  
Privacy  
Forensics  
Wrap Up

Thomas Giboney  
Dr Gray  
Virginia Wiggins  
Shawn Elliott

Benji Hutchison  
COL Jennings, PM-B  
Lisa Swan  
Greg Alexander

Jeff Dunn  
Major Coffey, USMC  
Anh Duong

LtCol Jamie Sculerati  
LtCol Ohlson, J-34  
CAPT Boyd  
Rick Newbold  
Tom Cantwell  
Bill Vickers
