- M60 machine gun with the M240B/H.
- Robar RC-50 .50 caliber rifle with the M107.
Near Term Projects

- The Coast Guard will continue to refine policy and the supporting Tactics, Techniques, and Procedures for two (02) new weapons initiatives in the inventory:
  - MK11 rifle. The MK11 will be used for precision engagement.
  - M14T rifle. The M14T will be used in support of Airborne Use of Force.
- Currently, there are no near term plans to change the standard service rifle/carbine (M16, M4, MK18), the service shotgun (M870P), or the venerable M2HB machine gun.
