Tech Clearinghouse Mission

To rapidly disseminate technology information on products and services to Federal, State, local, Tribal government and private sector entities, in order to encourage technological innovation and facilitate the mission of the Department of Homeland Security.

- Establishes Central Federal Technology Clearinghouse
- Issues Announcements for Innovative Solutions
- Establishes S&T Technical Assessment Team
- Provides guidance for the evaluation, purchase, and implementation of homeland security enhancing technologies
- Provides users with information to develop or deploy technologies that would enhance homeland security
- Enables technology transfer

Improved Knowledge
Sound Acquisition Decisions
FirstResponder.gov

Product Description:

• Develop a web-based central resource that serves as a one-stop-shop to disseminate technology information to Federal, State, local and tribal agencies
• Encourages participation of outside agencies such as CDC, Red Cross, etc.

TRL at start: 3     TRL at transition: 7

Planned Demos/Deliverables/Transitions:

• Develop certified and accredited Version 1.0 of www.firstresponder.gov – Jan 2008
• Single login capability
• Integration of additional First Responder Tools Jan 2008

Summary:

• Held bi-weekly demo of current capabilities
• Demonstrated prototype capability during SF Conference Nov 2007
• Beta Release during LA Stakeholders Conference Jan 2008

Cost: ● Performance: ● Schedule: ●

Notes: Good Progress

Emergency responders with ideas for capabilities or other job aid can share them with the Department through the DHS TechSolutions Program.
FirstResponder.gov's MISSION is to provide a portal that enables Federal, State, Local, and Tribal First Responders to easily access and leverage federal web services, information, and training.
NIOSH Emergency Response EMS Resources

National Institute for Occupational Safety and Health Emergency Response Resources.

National Native American Emergency Medical Services Association Homepage

The NNAEMS is the only national organization that specifically serves supports and represents approximately 70 individual Native American Emergency Medical Service programs. These 70 EMS programs provide pre-hospital care to over half a million Native American people who live on reservations or in non-reservation areas (such as Oklahoma and Alaska).

Associations and Memberships

AEM

Academy of Emergency Medicine

AEM publishes information relevant to the investigations, educational advancements, and practice of Emergency Medicine. Subject matter is diverse, including preclinical studies, clinical topics, health policy, and educational methods.

American Ambulance Association

The AAA was formed in response to the need for improvements in medical transportation and emergency medical services. The Association serves as a voice and clearinghouse for ambulance services across the nation. The Association views prehospital care not only as a public service, but also as an essential part of the total public health care system.
Library

Justnet Library

Search the NLECTC Virtual Library by keyword, topic, or information type using the form below. The links at the top and bottom of the screen will also retrieve information from the library.

Homeland Security Digital Library

The HSDL is a collection of homeland security policy and strategy related documents. It supports local, state and federal analysis and decision-making needs and assists academicians of all disciplines in homeland defense and security related research. The HSDL provides quick access to over 50,000 important U.S. policy documents, presidential directives, and national strategy documents as well as specialized resources such as theses and research reports from various universities, organizations and local and state agencies.

OSAC Overseas Security Advisory Council Library

This section includes documents about security precautions and responses in regard to a biological, chemical, radiological or nuclear threat or incident.

Frequently Asked Questions (FAQ)
FirstResponder.gov

Grants

U.S. Fire Administration

National Fire Academy Education and Training

USFA for NFA Students and Instructors.

DHS Grants from Grants.gov

Grants.gov was established as a governmental resource named the E-Grants Initiative, part of the Presidential 2002 Fiscal Year Management Agenda to improve government services to the public.

Pre-Disaster Mitigation Program

The Pre-Disaster Mitigation (PDM) program provides funds to states, territories, Indian tribal governments, communities, and universities for hazard mitigation planning and the implementation of mitigation projects prior to a disaster event.

FEMA Assistance to Firefighters Grants Program

A program of the Federal Emergency Management Agency (FEMA), grants are awarded to fire departments to enhance their ability to protect the public and fire service personnel from fire and related hazards. There are three types of grants available: Assistance to Firefighters Grant (AFG), Fire Prevention and Safety (FPandS), and Staffing for Adequate Fire and Emergency Response (SAFER).

State Fire Training System Grants

Done
Preparedness and Training

TOPOFF

Top Officials 4 (TOPOFF 4) is the national premier terrorism preparedness exercise, involving top officials at every level of government, as well as representatives from the international community and private sector. Taking place October 15-19, 2007, the TOPOFF 4 Full-Scale Exercise (T4 FSE) will feature thousands of federal, state, territorial, and local officials. Those officials will engage in various activities as part of a robust, full-scale simulated response to a multi-faceted threat.

Ready.gov

The Ready Campaign asks individuals to do three key things to prepare for the unexpected: get an emergency supply kit, make a family emergency plan, and be informed about the different types of emergencies that could occur and their appropriate responses.

Lessons Learned Information Sharing

The national network of Lessons Learned and Best Practices for emergency response providers and homeland security officials. LLIS.gov, a secure, restricted-access information resource is designed to facilitate efforts to prevent, prepare for and respond to acts of terrorism and other incidents across all disciplines and communities throughout the US.

FEMA EMI Course Listings

EMI Courses and Schedules.

FEMA ICS Resources

ICS Training Materials and Opportunities.
Equipment

InterAgency Board

The InterAgency Board (IAB) for Equipment Standardization and Interoperability is designed to establish and coordinate local, state, and federal standardization, interoperability, compatibility, and responder health and safety to prepare for, train and respond to, mitigate, and recover from any incident by identifying requirements for an all-hazards incident response with a special emphasis on Chemical, Biological, Radiological, Nuclear or Explosive (CBRNE) issues.

NIOSH Emergency Response Resources Equipment

A resource for personal protective equipment.

Emergency Vehicle Safety

Emergency Vehicle Safe Operations for Volunteer and Small Combination Emergency Service Organizations

National Personal Protective Technology Laboratory

A resource for respirator standards.

1401 Technology Transfer Program FAQs

The 1401 Technology Transfer Program facilitates and documents several efforts and works to expand public awareness of these efforts via outreach and communication initiatives. For example, the DoD logistics community transfers surplus items and equipment directly to participating states, which can also leverage the power of certain federal procurement contracts to get the best value for eligible purchases.
