United States Marine Corps
Explosive Ordnance Disposal

LtCol Marc Tarter
EOD Mission

To support Marine operating forces, national security strategy, and force protection by locating, accessing, identifying, rendering safe, neutralizing, and disposing of hazards from foreign and domestic, conventional, chemical, biological, radiological, nuclear, and high yield explosives (CBRNE), unexploded explosive ordnance (UXO), improvised explosive devices (IEDs), and weapons of mass destruction (WMD) that present a threat to operations, installations, personnel, or materiel. (MCRP 3-17.2C)

Note: USMC EOD units are authorized to conduct field disassembly and inerting operations for the purpose of exploitation and intelligence gathering.
MAGTF 101

• Marine Corps deploys expeditionary forces that fight on a combined arms concept. These forces are called Marine Air Ground Task Forces (MAGTF’S).

• MAGTF Composition
  – Command Element
  – Ground Combat Element
  – Air Combat Element
  – Logistics Combat Element
