

Force Application and Force Support Functional Capabilities Boards (FA FCB/FS FCB)

*COL Russ Bodine
7th NDIA Disruptive Technologies
Conference
14 OCT 10*

Agenda

- FA FCB Portfolio
- FS FCB Portfolio
- Gaps with Increased Interest

FA FCB Portfolio

Force Application FCB: Identify, assess and prioritize programmed, projected and potential force application capability needs

- **Maneuver**

- Land combat operations
- Maritime combat operations
- Air combat operations
- Space combat operations

- **Engagement – Kinetic**

- Conventional attack
- Nuclear attack
- Close combat
- Joint fire support

- **Engagement – Non-kinetic**

- EA/DE
- Computer network attack

FS FCB Portfolio

Tier 1

Force Support

Tier 2

Force Management

Force Preparation

Human Capital Management

Health Readiness

Tier 3

Global Force Management
Force Configuration
Global Posture Execution

Training Exercising
Educating Doctrine
Lessons Learned Concepts
Experimentation

Personnel and Family Support
Personnel Management

Health Care Delivery
Health Service Support
Force Health Protection

Example Actions/ Issues

*GFM – Data Initiative
Defense Readiness Reporting System (DRRS)
Cyber DCR*

*Language and Culture
Operationalizing the Reserve
Joint C4 Planners Course*

*Support to Families
Grow the Force Manpower
Joint Personnel Accountability Assessment
Joint Manpower Validation Process*

*TRICARE Benefit Reform
Healthcare Facilities Recapitalization*

Gaps with Increased Interest

Force Application

- Digital Radio Frequency Memory (DRFM)
- Electronic attack
- Cyber threats
- Cluster Munitions Fusing
- Maritime surface & subsurface threats
- Mobile, fleeting targets
- Urban operations
- Space control

Force Support

- Vaccinations
- Immersive Training
- IT/Health
- Cyber manning
- Airworthiness of partner nations
- Global Force Management Data Sharing
