Industry Conference

Program Executive Officer for C4

C4 COMMAND, CONTROL, COMMUNICATIONS, AND COMPUTERS

UNCLASSIFIED

Mission

**Manage The Development, Acquisition, Fielding,
New Equipment Training, And Sustainment Of
Command, Control, Communications,
Computers, Military Information Support
Operations (MISO), and Civil Affairs (CA) Systems
In Support Of Garrisoned Headquarters Elements
And The Deployed Warfighter**

C4 COMMAND, CONTROL, COMMUNICATIONS, AND COMPUTERS

ENTERPRISE NETWORKS

Tactical Local Area Network

C4I Automation System /
Special Operations Command Research, Analysis,
and Threat Evaluation System

TRANSPORT

SCAMPI
(not an acronym)

SOF Deployable Nodes /
Product Distribution System

TACTICAL COMMS

SOF
Tactical
Comms

Radio Integration System

Blue Force Tracking

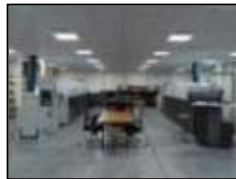

Joint Tactical C4I Transceiver
System

MISO / CA SYSTEMS

Next Generation
Loudspeaker System

MISO-Print

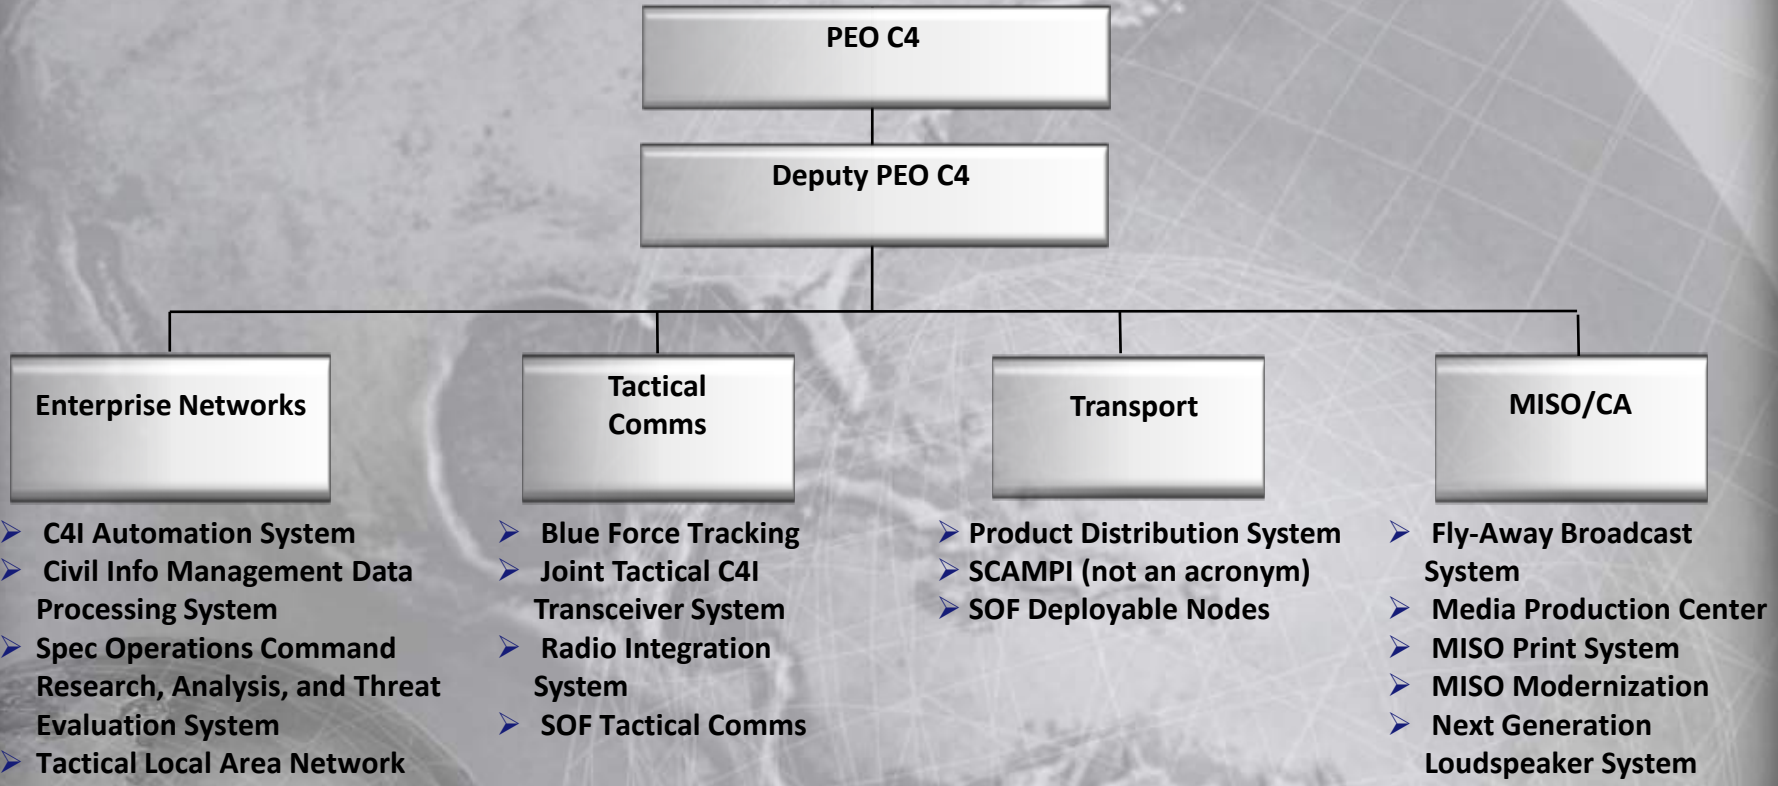

Media Production
Center

Fly-Away
Broadcast System

Organization Structure

Enterprise Networks

C4 Intelligence Automation System

- Provides Garrison Infrastructure For Unclassified And Classified Networks And Services

Acquisition Strategy

Operational System in Sustainment with Evolutionary Technology Insertions

Period of Performance

Variable

Milestones

Post Milestone C, Sustainment & Capital Equipment Replacement

Point of Contact

TILO
(813) 826-9482

Funding

- FY12: \$33.3M
- FY13: \$50.5M

Current Contract/OEM

Multiple

Special Operations Command Research, Analysis, and Threat Evaluation System

- SOF Extension of the Joint Worldwide Intelligence Communications System Network Used To Acquire and Support Garrison Automated Intelligence System Requirements

Acquisition Strategy

Operational System in Sustainment with Evolutionary Technology Insertions

Period of Performance

Variable

Milestones

Post Milestone C, Sustainment & Capital Equipment Replacement

Point of Contact

TILO
(813) 826-9482

Funding

- FY12: \$9.7M
- FY13: \$7.5M

Current Contract/OEM

Multiple

Tactical Local Area Network

- Provides SOF Operational Commanders And Forward Deployed Forces Advanced Automated Data Processing And Display Capabilities
- Consists of Suites, Mission Planning Kits, And Field Computing Devices

Acquisition Strategy

Evolutionary Acquisition

Period of Performance

TBD

Milestones

Post-Milestone C, Sustainment & Capital Equipment Replacement

Point of Contact

TILO
(813) 826-9482

Funding

- FY12: \$20.9M
- FY13: \$18.9M

Current Contract/OEM

TBD

C4 COMMAND, CONTROL, COMMUNICATIONS, AND COMPUTERS

Military Information Support Operations and Civil Affairs

MISO Broadcast System

- Consists Of Fixed And Deployable Multi-media Production Capabilities For Radio And Television Programming, Distribution Systems, And Dissemination Systems
- Includes Media Production Center, Product Distribution System, And Fly-Away Broadcast System Variants

Acquisition Strategy

Evolutionary Acquisition

Period of Performance

Variable, dependent on variant

Milestones

- Pre & Post-Milestone C (dependent on variant), Sustainment & Capital Equipment Replacement

Point of Contact

TILO
(813) 826-9482

Funding

- FY12: \$3.8M
- FY13: \$19.3M

Current Contract/OEM

Multiple, dependent on variant

Next Generation Loudspeaker System

- Family of Systems Consisting Of Modular Amplifiers And Speakers To Provide High Quality Recorded Audio, Live Dissemination, And Acoustic Capability

Acquisition Strategy

Evolutionary Acquisition

Period of Performance

Variable, dependent on variant

Milestones

- Pre & Post-Milestone C (dependent on variant), Sustainment & Capital Equipment Replacement

Point of Contact

TILO
(813) 826-9482

Funding

- FY12: \$0.8M
- FY13: \$5.1M

Current Contract/OEM

Multiple, dependent on variant

C4 COMMAND, CONTROL, COMMUNICATIONS, AND COMPUTERS

Transport

SCAMPI (not an acronym)

- Telecommunications System Providing Voice, Data, And VTC Capabilities On All Classification Levels To World-wide Deployed And Garrison SOF Locations

Acquisition Strategy

Evolutionary Acquisition

Period of Performance

Variable

Milestones

Post Milestone C, Sustainment & Capital Equipment Replacement

Point of Contact

TILO
(813) 826-9482

Funding

- FY12: \$16.3M
- FY13: \$16.0M

Current Contract/OEM

Multiple

SOF Deployable Nodes

- Family Of Deployable, Super High Frequency, Multi-band SATCOM Systems Providing Transport For High-capacity, Voice, Data, VTC, And Video At All Classification Levels

Acquisition Strategy

Evolutionary Acquisition Strategy

Period of Performance

Variable, dependent on variant

Milestones

- Pre & Post-Milestone C, Sustainment & Capital Equipment Replacement

Point of Contact

TILO
(813) 826-9482

Funding

- FY12: \$145.1M
- FY13: \$83.2M

Current Contract/OEM

Multiple, dependent on variant

C4 COMMAND, CONTROL, COMMUNICATIONS, AND COMPUTERS

Tactical Communications

Blue Force Tracking

- Family Of Devices Used To Remotely Track And Monitor Friendly Forces

Acquisition Strategy

Evolutionary Acquisition

Period of Performance

Variable, dependent on variant

Milestones

- Post-Milestone C, Sustainment & Capital Equipment Replacement

Point of Contact

TILO
(813) 826-9482

Funding

- FY12: \$5.4M
- FY13: \$5.5M

Current Contract/OEM

Multiple, dependent on variant

SOF Tactical Communications

- Provides The Next Generation Communications Systems To Replace Legacy SOF Radios
- Primary Form Factors Include Hand-held (HH), Manpack (MP), And High Frequency (HF)

Acquisition Strategy

Commercial Off-The-Shelf, Non-Development Items with Evolutionary Technology Insertion

Period of Performance

Variable, dependent on variant

Milestones

- Post-Milestone C, Sustainment & Capital Equipment Replacement

Point of Contact

TILO
(813) 826-9482

Funding

- FY12: \$135.9M
- FY13: \$68.3M

Current Contract/OEM

Thales Communications, Inc
Harris RF Corporation

In-House Broad Area Announcement (BAA)

- **CY2011-2012 SORDAC Consolidated BAA (H92222-12-BAA-SORDAC-IN)**
 - » **Efficient Contract For Relevant RDT&E Efforts**
 - » **Updated Annually To Address C4 Portfolio Areas Of Technological & Scientific Importance**
