EAGLE Strategy

- Standardized Performance Work Statement, Quality Surveillance Plan, and Performance Requirements for Supply, Maintenance, and Transportation Support Services
- Single Installation Logistics Provider – Requirements Task Orders
- Executed through the use of Multiple Basic Ordering Agreements (BOAs) – 5 year period, reviewed annually
- Significant small business opportunities by virtue of substantial Small Business Set-Asides
- Requirements executed through Task Order Competitions
- Establishment of an EAGLE Business Office (validates requirements, tracks performance against established metrics)
EAGLE Principles

- Unlimited Number of BOAs
- Requirements Task Orders for an Installation Logistics Requirements
- BOAs reviewed annually – On-ramp
- Known requirements advertised annually, emerging requirements advertised as they occur
- Special projects, e.g. Army Prepositioned Stock, New Equipment Fielding, New Equipment Testing (those outside of installation logistics) will use the “Rule of 2” to determine set-aside
- Authorized contract types: Firm Fixed Price, Cost Reimbursable and Time & Material (least preferred)
- North American Industrial Classification System (NAICS) code 561210 – Facilities Support Services
EAGLE Principles

CONUS Installation Logistics
- Annual Requirements ≤$1M - executed by the local Installation Contracting Office
