

# 24<sup>TH</sup> ANNUAL SO/LIC SYMPOSIUM & EXHIBITION

***“Persistent Engagement in the New Strategic Environment”***

**JANUARY 28-30, 2013**

**[WWW.NDIA.ORG/MEETINGS/3880](http://WWW.NDIA.ORG/MEETINGS/3880)**

**MARRIOTT WARDMAN PARK HOTEL ► WASHINGTON, DC**

## LOCATION

Marriott Wardman Park Hotel  
2660 Woodley Road NW  
Washington, DC 20008  
(202) 328-2000

## REGISTRATION

Atrium - Exhibit Hall Foyer

## GENERAL SESSION & AWARDS BANQUET

Thurgood Marshall Ballroom

## EXHIBIT HALL

Exhibit Hall C

## AWARDS BANQUET

The R. Lynn Rylander Award, DeProspero Lifetime Achievement Award and Superior Achievement Awards will be presented at the Awards Banquet on Monday, January 28, 2013 in conjunction with this year's Symposium. Please note that the Awards Banquet is an additional fee, and you must register separately for the event.

## SYMPOSIUM THEME

The 24th Annual NDIA SO/LIC (Special Operations/Low Intensity Conflict) Symposium & Exhibition will examine how special operations capabilities could be tailored to counter existing and potential National Security challenges. As the U.S. rebalances its strategy to focus on the Asia-Pacific and Middle East areas, it will increase its reliance on the capabilities and capacity of existing allies and partners. This reliance coupled with the strategic direction to employ innovative, low-cost, and small-footprint indirect approaches to prevent conflict make SOF a force of choice for the Combatant Commanders. Speakers will discuss how Special Operations Forces (SOF) can assist in building allied and partner nation capabilities. The Symposium will also explore how SOF is addressing the change in focus from direct to indirect missions and the importance of interagency cooperation in this era of limited resources and fiscal constraints.

## MONDAY, JANUARY 28, 2013

**12:00 PM - 9:30 PM**

**Registration Open**

*Atrium - Exhibit Hall Foyer*

**12:00 PM - 4:00 PM**

**Exhibit Hall Move In**

*Exhibit Hall C*

**5:00 PM - 6:30 PM**

**Networking Reception (Hosted Beer & Wine)**

*Exhibit Hall C*

**6:30 PM - 9:30 PM**

**Awards Banquet with Guest Speaker**

**\*\*Separate Registration Required\*\***

## EXHIBITOR PROFILES

*Listed Alphabetically*

### **BAE Systems**

Booth: 317

The Aerospace Solutions business of BAE Systems provides a full spectrum of services to extend the life and readiness of aviation, aerospace and avionics platforms. With more than 1,600 employees positioned around the world, Aerospace Solutions delivers world-class products and services that enable every customer to achieve ultimate mission success, every time.

### **Battelle**

Booth: 309

Battelle is the world's largest independent research and development organization, providing innovative solutions to the world's most pressing needs through its four global businesses: Laboratory Management; National Security; Energy, Environment and Material Sciences; and Health and Life Sciences. It advances scientific discovery and application by conducting \$6.5 billion in global R&D annually through contract research, laboratory management and technology commercialization.

### **Bell Helicopter, A Textron Company**

Booth: 304

Bell Helicopter, a wholly-owned subsidiary of Textron, Inc., is a leading producer of commercial and military, manned and unmanned vertical-lift aircraft and of the revolutionary tiltrotor aircraft. Globally recognized for world-class customer service, innovation and superior quality, Bell's global workforce serves customers flying Bell aircraft in more than 120 countries.

### **Boeing**

Booth: 402

Boeing is the world's largest aerospace company and innovative manufacturer of commercial jetliners and defense, space and security systems. A top U.S. exporter, Boeing products and services include commercial and military aircraft, satellites, weapons, C4ISR, electronic and defense systems, launch systems, and performance-based logistics and training.

### **Defense News**

Booth: 410

Defense News is a leading information provider for the worldwide defense and military communities. This weekly Gannett Government Media Corporation (GGMC) publication covers the most important issues facing the worldwide defense industry. Other GGMC titles include Army, Navy, Air Force and Marine Corps Times and AFJ, TSJ and C4ISR Journals.

### **Deployed Resources, LLC**

Booth: 502

Deployed Resources is the premier provider of temporary life support facilities for military support. We provide the entire turn-key facility that provides the platform for special operators to conduct their critical missions. We provide expeditionary, mission focused and tailorable training capabilities that are cost effective for resource challenged customers.

### **DryWired**

Booth: 210

DryWired Defense is a U.S. based technology firm offering a patented protective nano-coating that is invisible, non-toxic, and makes any surface resistant to water, oil, corrosion, microbial growth and condensation. Our hydrophobic, oleophobic, and hydrophilic coatings have been successfully applied to hand-held electronic devices, textiles, aircraft foam and various metals.

### **EPS Corporation**

Booth: 401

EPS is a SDVOSB supporting the U.S. Federal Government, including both Military and Civilian agencies, worldwide. Small enough to offer "small business" aggressiveness, flexibility & quick responsiveness, yet large enough to apply the necessary resources, facilities & personnel-depth to perform with productivity and low risk in high pressure, tight schedule environments. A leader in customer-focused solutions, program management, logistics, training & fielding, and global net-centric and EFIS&T.

### **GATR Technologies**

Booth: 411

GATR's Antenna Systems are highly-deployable inflatable satellite communication terminals (1.2-, 1.8-, and 2.4-meter) that enable high-bandwidth satellite communications in remote areas. Deploying in two cases and weighing less than 99 lbs /45 kg each (1 case – 70 lb/32 kg for 1.2m), the GATR reduces logistical size (packaged weight and volume) by up to 80% while delivering the same signal performance as a rigid antenna. The GATR operates on Ku-, C-, and X-bands (WGS Compliant).

### **General Dynamics Land Systems – Force Protection**

Booth: 415

At the heart of Land Systems' military-vehicle platforms is the Abrams main battle tank and the family of Stryker and LAV wheeled combat vehicles. General Dynamics Land Systems - Force Protection gives our clients even more strength and innovation on their side with the MRAP family of vehicles and the Ocelot. Land Systems continues to work with its clients to ensure these vehicles remain survivable, relevant, flexible, affordable and capable of addressing a dynamic threat environment.

### **Geonautics International, Inc.**

Booth: 405

Geonautics is one of the premier providers of covert surveillance equipment to state and local law enforcement agencies, the Department of Defense, Federal law enforcement agencies, and the Intelligence agencies. We provide micro-miniature devices for audio recording, video recording, live listening, and tagging & tracking.

### **IDS International**

Booth: 505

Since 2006, IDS has developed a niche expertise in civil-military and population engagement training and support. The U.S. military has turned to our team of former senior-level defense, development and diplomacy officials to serve as the primary interagency and civil-military and cultural trainers for units deploying to Afghanistan. IDS also provides leading Social Science Research and Analysis in support of the Human Terrain Systems (HTS) contract.

**Inmarsat Government**

Booth: 511

Inmarsat Government provides secure, reliable and affordable mission-critical telecommunications to U.S. military and civilian organizations. Equipped with the industry's leading terrestrial and satellite infrastructure and partners, it delivers custom, end-to-end networks and solutions that can sustain communications anytime, anywhere. To learn more, please visit [www.inmarsatgov.com](http://www.inmarsatgov.com).

**Insitu, Inc.**

Booth: 408

Insitu designs, develops, produces and operates unmanned aircraft systems for intelligence, surveillance and reconnaissance. Insitu offers ScanEagle and NightEagle for day and night missions, and Integrator for rapid, robust payload integration. Serving with the global defense community since 2004, Insitu's expeditionary, runway-independent systems also deploy for scientific and emergency response efforts. Founded in 1994, Insitu is a subsidiary of The Boeing Company. [www.insitu.com](http://www.insitu.com)

**Interface**

Booth: 217

Interface presents two innovative camouflage, concealment and deception systems. BZ100 Visual/Thermal Camouflage for applications on surveillance sensors, cameras, personnel, ATVs, IFVs, LAVs, MBTs, parked aircraft and insertion boats. BZ200, a custom tailored to specific application, high-performance ultra-broadband radar absorbing meta-material for RCS modification/reduction of battlefield assets.

**International Security Academy**

Booth: 211

International Security Academy, Inc is a full service training and manufacturing firm that features 440 acres of variable surface tracks (asphalt, gravel, sand and dirt). ISA has a diverse fleet of multi-platform vehicles, a configurable urban village, firing ranges and is a certified drop zone see them at [www.isafla.com](http://www.isafla.com).

**Jacobs Technology**

Booth: 412

Jacobs Technology is the advanced technology division of Jacobs Engineering, one of the nation's largest engineering and technical services-only companies. With 70+ years of experience supporting government and commercial clients, we have earned a reputation for excellence and outstanding technical and managerial achievements in quality, performance, and safety.

**Juliet Marine Systems, Inc.**

Booth: 509

JMS was founded to provide technological innovations for the preservation of freedom in response to the attack on the USS Cole and the results of the 2002 FBE-Juliet. JMS has pioneered several advanced technologies that will dramatically change the marine industry's understanding of propulsion for surface/sub-surface, manned and unmanned vessels.

**Kwikpoint**

Booth: 507

Kwikpoint is a world leader in effective visual communication publications that help people learn, understand and communicate. For over 10 years, Kwikpoint pocket sized guides have supported a variety of tactical operations for the United States Armed Services. Our publications are used at all stages of deployment for language interpretation, product instructions and downfield training and reference.

**LaserMax**

Booth: 312

Now in its 24th year, LaserMax is a market leading producer of premium laser sighting systems specializing in the design and manufacture of rugged, state-of-the-art solutions for military, law enforcement and commercial markets. LaserMax also delivers premium laser products and optical systems for the semiconductor, aerospace, biomedical and telecommunications industries. An ISO 9001:2008 certified and WOSB 8(m) certified Women-Owned Small Business. All LaserMax products are designed and manufactured in our facility in Rochester, New York, USA.

**Lockheed Martin**

Booth: 516

Headquartered in Bethesda, MD, Lockheed Martin is a global security company and is principally engaged in the research, design, development, manufacture, integration and sustainment of advanced technology systems, products and services.

**LOGIS-TECH, inc.**

Booth: 315

LOGIS-TECH, inc. (LTI) is a small business specializing in responsive, cost-effective solutions for the complex logistics, training, and operational issues facing our commercial, government and military clients. LTI is focused on four major core areas: Environmental Protection and Corrosion Prevention, Logistics Advisory Solutions, Commercial Service Capabilities, and Information Technology Solutions.

**Los Alamos National Laboratory**

Booth: 302

LANL is a multidisciplinary research institution engaged in strategic science, enhancing national security by ensuring the safety and reliability of the U.S. nuclear stockpile, developing technologies to reduce threats from weapons of mass destruction, and solving problems related to energy, environment, infrastructure, health and global security concerns.

**Marathon Targets Pty, Ltd.**

Booth: 409

Marathon Targets makes the world's first smart target system for dynamic live-fire training. Marathon's targets look, move, and behave like people – making them challenging to hit. Targets are reactive: e.g. they can run for cover when other targets are hit. Marathon's customers include the U.S. and Australian armed forces.

### **Military Officers Association of America (MOAA)**

Booth: 303

MOAA is the one military association that's with you every step of the way, serving your needs, fighting for your rights. Whether you're deployed overseas, making the transition to a second career or grappling with your military benefits, MOAA is on your side for life. Join MOAA today!

### **MMI Outdoor**

Booth: 503

MMI Outdoor designs and manufactures an array of field shelters including the pop up bed net and the enhanced bed net system that are both under contract to DLA. We are also the domestic manufacturer and military distributor of Granite Tactical Gear who designed the Chief Patrol Pack under contract to SOCOM as well as an exceptional array of load carriage accessories. We also carry the DepSOC360 line of camouflage items and offer thermal defeating veils for those in need of concealment.

### **NDIA Membership Department**

Booth: 406

NDIA is America's leading non-profit Defense Association providing a legal and ethical forum for networking and knowledge exchange between the DoD, Department of Homeland Security, all branches of the US Military, and industry. NDIA has local chapters, 36 divisions for corporate involvement, and numerous conferences and trade shows. Individual and Corporate memberships are available. US government and military are welcome to join free of charge. NDIA has roots dating back to 1919.

### **PDQ Precision, Inc.**

Booth: 0

PDQ Precision, Inc. manufactures and distributes the Mini-Max Cleaning and Waste Management Systems, AQUEOUS yet WATERLESS cleaning safe for the environment, user, eliminates chemicals & waste stream Portable, deployable, uses potable water, Arma-sol rust inhibitor only. Most cost effective, save time, material. for weapons, equipment, electronics, com gear. etc.

### **Qual-Tron, Inc.**

Booth: 215

Qual-Tron, Inc. manufactures portable battery operated unattended ground sensors and intrusion detection systems. Battery life is 4-12 months depending on Sensor type and IDS System. Equipment is designed for use in all terrain and environments and is easy to set up and operate requiring minimum training. An RCS Camera System provides the capability to store images triggered by UGS sensors on an SD-Card. In addition, OEM Receivers include serial port and switch closures which have been integrated with several camera mfg's. Accessories include power supplies, repeaters and data logging systems for complete turn key systems. <http://www.qual-tron.com>

### **Raytheon BBN Technologies**

Booth: 407

BBN has been solving complex problems for the U.S. Government for more than 60 years. Our technologies allow users to search audio and video, communicate in another language, or find important content in foreign language media. Stop by to see demos of our foreign-language media monitoring systems and our two-way speech-to-speech translation system.

### **ReconRobotics, Inc.**

Booth: 416

ReconRobotics is the world leader in tactical micro-robot systems. Worldwide, nearly 4,000 Recon Scout® Throwbot® systems have been deployed by the U.S. military, international friendly forces, and over 500 law enforcement agencies. The mobile Throwbot saves lives by providing immediate situational awareness and greater standoff distance to warfighters. At only 1.2lbs, it's deployable in five seconds with IR technology, protecting personnel from hidden threats and minimizing collateral damage.

### **RF Logistics, LLC**

Booth: 310

RF Logistics, LLC is a veteran-owned small business specializing in business process management and re-engineering, software and database development, automatic identification technology (AIT), and asset management. Our principal customers are Naval Special Warfare Command and Navy Expeditionary Combat Command. RF Logistics, LLC is a Premier HandySoft partner and won two 2011 international awards for business process management for a Government application based on the HandySoft Bizflow product.

### **RUAG Ammotec**

Booth: 301

RUAG Ammotec of Switzerland and SWISS P - The Sniper's Choice of special ammo for all your special needs, stands for the most sophisticated ammunition technology today. The company develops and produces high performance standard infantry as well as special applications small arms ammunition and is supplying both Military and LE worldwide. RUAG also produces a wide range of 100% lead-free ammunition including Frangible Ammo. RUAG Ammotec for all your ammunition needs today and tomorrow.

### **Science Applications Int'l Corp.**

Booth: 504

SAIC is a FORTUNE 500® scientific, engineering and technology applications company that uses its deep domain knowledge to solve problems of vital importance to the nation and the world, in national security, energy & environment, health and critical infrastructure. For more information, visit [saic.com](http://saic.com). SAIC: From Science to Solutions®

### **SkyBuilt Power**

Booth: 418

SkyBuilt Power is an engineering, design and systems integrator providing mobile and rapidly deployable renewable (wind and solar) and hybrid power solutions at the tactical edge for Special Operations, the Marines, Army, Navy, Air Force, Homeland Security and intelligence agencies. Off-grid applications include irregular warfighting, surveillance and communications, sensors, counter-terrorism, emergency response, disaster recovery, border patrol, stabilization and humanitarian efforts.

**Solar Stik, Inc.**

Booth: 308

Solar Stik™ is the global leader in ruggedized, man-portable, power solutions. Our focus is meeting remote expeditionary energy needs that cannot be supported by standard re-supply operations. Solar Stik™ manufactures renewable energy power generators, battery storage, and power management systems, ranging from the man-wearable WASP™ to trailerized hybrid power systems. Our integrated power solutions enable SOF to operate autonomously and stay on mission longer.

**Special Operations Warrior Foundation**

Booth: 218

Supporting the Special Operations Forces and their families since 1980 by providing full college educations to the surviving children of fallen Army, Navy, Air Force and Marine Corps special operations personnel as well as immediate financial assistance to severely wounded special operations personnel.

**SR Technologies**

Booth: 207

SRT serves in the areas of collection, interrogation and geo-location of 802.11 a,b,g,n, and satellite signals. Our products allow for the collection and management of real time information utilizing: \* Active & Passive Tactical Systems \* Airborne, Ground Mobile, Marine and Man-Pack Capabilities \* Strategic Global Collection & Analysis

**Support Systems Associates, Inc.**

Booth: 204

Support Systems Associates, Inc. (SSAI) is a privately owned, nationwide company specializing in engineering, logistics and management services to Government and Industry. Founded in 1969, SSAI has grown steadily to become a leader in its field. As SSAI is well into its second quarter century, we eagerly anticipate new opportunities afforded by new technologies. We will work to enhance our hard-earned reputation for excellence. After all, we want to remain ... "Your First Choice for Support"

**Thales Communications, Inc.**

Booth: 501

The future of handheld tactical communications is here. Thales Communications, a pioneer of SDR technology and a global leader in the development, manufacture, and support of innovative communications systems for warfighters, will be demonstrating the next generation Multiband Inter/Intra Team Radio--MBITR2--featuring true, simultaneous 2-channel (narrowband and wideband) operations.

**TrellisWare Technologies**

Booth: 206

TrellisWare Technologies, Inc. is a leader in advanced signal processing solutions for communication, Tactical MANET radios and wideband network solutions. Our mobile mesh networking products transmit voice, video, and data in tunnels/caves, on-board ships, high multipath, high dynamics, and high interference environments. We work where nothing else does.

**USSOCOM Care Coalition**

Booth: 506

The USSOCOM Care Coalition provides support for wounded, ill, and injured special operations service members and their families. The Care Coalition is partnering with private sector organizations to provide internship and employment opportunities for service members who are exiting the military.

**Zanfel Laboratories, Inc.**

Booth: 417

Zanfel Poison Ivy Wash is the only product clinically shown to remove urushiol, the toxin found in poison ivy, oak, and sumac, and many other plants around the world, ANYTIME after breakout of the rash. Zanfel relieves itching within 30 seconds. Zanfel is also effective for mosquito bites, chigger bites, and insect stings. Please contact us at 800-401-4002 or visit [www.zanfel.com](http://www.zanfel.com) for more information. NSN #: 6505-01-611-2071 Item: Skin Wash Poison Ivy Treatment 1oz. Tube Contract #: V797P-5223B

**Zodiac of North America, Inc.**

Booth: 216

Zodiac is the recognized world-leading producer of inflatable boats and rigid hull inflatable boats (RIBS). With a 125-year heritage, and as the inventor of the inflatable boat, Zodiac remains dedicated to product innovation with an emphasis on safety and performance.

## ATTENDEE ROSTER *(As of 1/24/13)*

## This image shows a full page of blank, lined paper. It features approximately 20 evenly spaced horizontal grey lines across its entire width. The lines are thin and consistent in color, providing a guide for handwriting or typing. There are no margins, text, or other markings present on the page.

## This image shows a full page of blank, lined paper. It features approximately 28 evenly spaced horizontal grey lines across its entire width, providing a guide for handwriting or typing. The paper itself is a clean, off-white color. There are no margins, text, or other markings present on the page.

## This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

2111 WILSON BOULEVARD  
SUITE 400  
ARLINGTON, VA 22201-3061  
(703) 522-1820  
(703) 522-1885 FAX  
WWW.NDIA.ORG

## PROCEEDINGS

Proceedings will be available on the web through the Defense Technical Information Center approximately two weeks after the Symposium. All registered Attendees will receive an email notification once the proceedings are available.

## SURVEY

A survey will be e-mailed to all registered Attendees after the Symposium. NDIA would greatly appreciate your time in completing the survey to help make our event even more successful in the future.

## THANK YOU TO OUR SPONSORS
