
Ms. Merry Lutz
Contract Support (CSA) to Office of the Under Secretary of Defense for Acquisition, Technology, and Logistics International Cooperation
Coalition Warfare Program

CWP leverages U.S. and foreign investments to conduct cooperative research and development projects with foreign partners. Program supports Department’s goals of:

- Collaboratively addressing strategic technology gaps for current and future missions
- Developing interoperability solutions for coalition operations
- Strengthening current defense partnerships and developing new relationships

- Requirements:
  - DoD-submitted nominations
  - Strong support by DoD and partners
  - Strong transition path
  - Project schedule max - 3 years
  - Max. CWP request is $2M (~$800K avg)
  - Equitable contributions/resources for project (value of financial and in-kind):
    1. CWP 50% or less of U.S. total, and
    2. Total US = Each Foreign Partner
Project Teams – Where Industry is Key Element to Success

CWP Ruleset:
• *Projects must to govt-govt*
Cooperative RDT&E Examples

Integration of technologies to create a new system/subsystem

Creating new interfaces to improve interoperability between existing systems

Shared responsibilities to jointly develop new system/subsystem
How Foreign Industry Can Get Involved

• Engage with Spanish Ministry of Defense and Services on collaboration opportunities
  – Identify Spanish defense needs that are common with those of the US
  – Identify defense interoperability or capability shortfall that could be addressed—or a solution that could be enhanced—through collaboration

• Leverage Existing Relationships and Dialogues
  • Participation in Forums and Industry Day Events
  • Visits by U.S. DoD representatives
  • Engage U.S. Embassy Office of Defense Cooperation in Madrid
  • Other activities that could lead to additional cooperation, such as Foreign Comparative Testing
