Adam Smith
“The Wealth of Nations”

“It is of importance that the Kingdom should depend as little as possible upon its neighbours for the manufactures necessary for its defence”
Feb 2011
Anders Fogh Rasmussen
NATO Secretary General
Munich Security Conference

“We need a new approach: Smart Defense – ensuring greater security, for less money, by working together with more flexibility.”
“At a time of reduced public spending, states seek ways to engage in pooling and sharing of capacities and resources, especially at the high-end capabilities. This can end up providing Europe with a good opportunity to reshape its defence spending”
