

# 2016 JOINT ANNUAL NDIA/AIA INDUSTRIAL SECURITY COMMITTEE SPRING CONFERENCE

May 16-18, 2016  
JW Marriott Scottsdale  
Camelback Inn Resort & Spa, Scottsdale, AZ

[WWW.NDIA.ORG/MEETINGS/6ISS](http://WWW.NDIA.ORG/MEETINGS/6ISS)

## LOCATION

JW Marriott Scottsdale Camelback Inn Resort & Spa  
5402 E Lincoln Drive  
Scottsdale, AZ 85253  
(800) 228-9290

## ATTIRE

Appropriate dress for the conference is business casual for civilians and Class B uniform or uniform of the day for military personnel.

## ID BADGE

During the conference registration and check-in, each attendee will be issued an identification badge. Please be prepared to present a valid picture ID. Badges must be worn at all conference functions.

## PROCEEDINGS

Proceedings will be available on the web through the Defense Technical Information Center (DTIC) approximately two weeks after the conference. All registered attendees will receive an email notification once the proceedings are available.

## SURVEY

A survey will be emailed to all attendees after the conference. NDIA would appreciate your time in completing the survey to help make our events even more successful in the future.

## SPEAKER DONATION

In lieu of speaker gifts, a donation will be made to the Fisher House Foundation. For additional information, please visit:  
<http://www.fisherhouse.org>

# Thank you for the generous support from our Bronze Sponsor!

CANDA Solutions is led by a team of seasoned IT consultants with over 50 years of combined experience with a multitude of business applications, data management, operational systems, tools and hardware platforms. This experience taught CANDA valuable insights; most importantly that agencies, businesses and missions need experienced technical people who understand their challenges, can cut through the clutter and provide solutions using the latest technology, and who understand the need for secure, nimble and flexible solutions.

CANDA launched Fresh Haystack in response to a common need – In today's people-based economy, talent is the organization's single largest expenditure and most defining resource. The need to conduct Risk Assessment and Continuous Evaluation has thrust Human Capital Management to the forefront of every Executive's priorities.

Fresh Haystack is the first commercial software platform designed to meet these growing demands, offering customizable solutions to government and corporate organizations in need of the risk / threat assessment and personnel security. Our unique solution combines Personnel Security, Cyber and Insider Threats in one flexible and scalable installation to meet the needs of any size corporate or government institution. We are not considering these silos as the separate risks that can be effectively monitored independently. In our modern world, these three risks are interconnected and must be addressed with a process that integrates each risk into a centralized operating picture of your enterprise's overall security.
