TARDEC

Major Efforts in PM Transportation Systems

- **The Army will continue modernization of selected Tactical Wheeled Vehicles (TWV), trailers, and Army Watercraft Systems**
 - Maneuver Support Vessel (Light) (MSV(L))
 - Family of Medium Tactical Vehicles (FMTV)
 - Landing Craft Utility (LCU) Service Life Extension Program (SLEP)
 - Heavy Dump Truck (HDT)
 - Trailers (Light Engineer Utility Trailer (LEUT), M870A4, M172, Enhanced Heavy Equipment Transporter (EHET))
 - Ground Mobility Vehicles (GMV)
- **Continue to support Afghanistan National Army and Police missions as we support the sustainment and transfer of mission**
 - National Maintenance Support Contract
- **Explore and develop technology initiatives to meet Force 2025 objectives and to fill gaps within Transportation Portfolio**

Focus Areas

- **Balancing crew protection with vehicle performance and payload – Iron Triangle**
- **Incremental Improvements – Pull in ready/available technology today!**
 - Force protection
 - Automation/Driver Assist/Autonomy
 - Safety Equipment/Features, ex... (Electronic Stability Control/Sensors)
 - Fuel efficiency
 - Digital back-bone/Condition Based Maintenance
 - Vehicle power (electrical)
 - Cyber security – A concern!

TWV Opportunities – What to Watch!

- Heavy Truck –

- Heavy Dump Truck (HDT) Request for Proposal (RFP) release December 2017
- Active Safety Technologies RFP release December 2017
- 25-Ton Trailer RFP release June 2018

- Medium Truck –

- Family of Medium Tactical Vehicles (FMTV) A2 Draft RFP release May 2016
- Second Industry Day - June 2016 - Warren, MI
- FMTV A2 RFP release August 2016

More Info: <https://www.fbo.gov/notices/4ab989c00cae6c2f537434d17ea5b393>

- Light Truck –

- Light Engineer Utility Trailer (LEUT) Draft RFP release June 2016
- LEUT RFP release September 2016

- Allied Tactical Vehicles –

- National Maintenance Strategy RFP release August 2016

- Ground Mobility Vehicle –

- Ground Mobility Vehicle RFP release in fall/winter 2016
