

DSS IN TRANSITION

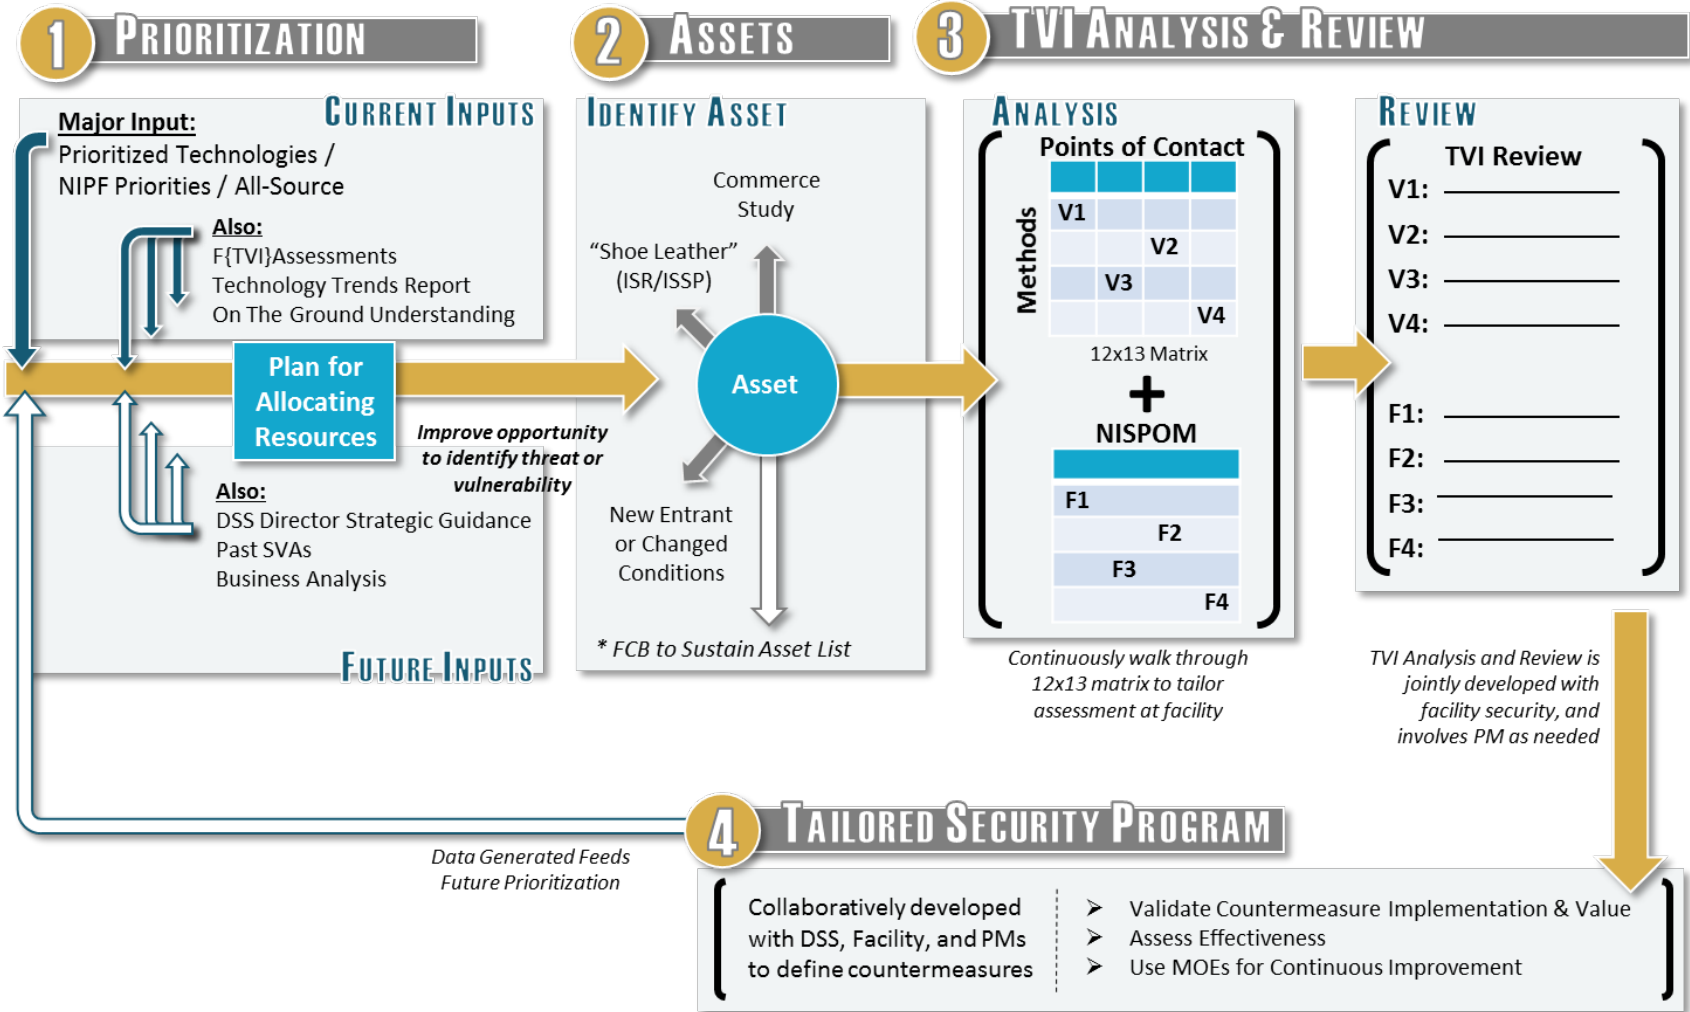

Partnering with Industry to Protect National Security

**NDIA/AIA Spring 2017 Joint Conference
State of the DSS: Shaping the Future of Security
May 24, 2017**

Dan Payne

New DSS Methodology

Current Actions: IPTs

Cross-Directorate integrated process teams (IPTs) being formed to:

- Develop standard operating procedures (SOPs)
- Pilot, refine, and validate each step
- Integrate each step in the new methodology

Working Terms

Asset Identification

Prioritization

**Threat, Vulnerability,
& Impact (TVI) Analysis
& Review**

**Tailored Security
Programs**

Next Steps

DSS in Transition is planning to:

- ▲ Pilot each step in the new DSS methodology through summer 2017
- ▲ Increase connection with industry
- ▲ Engage more actively with GCAs
- ▲ Expand communications internally and externally
