Major General ASJ Fay
Assistant Chief of the Defence Staff (Logistic Operations)
New Capabilities

An important part of this is the re-growing of the Nuclear Attack Submarine fleet, alongside the Government’s enduring commitment to a Continuous At-Sea Nuclear Deterrent.
Global support to Operations

Whilst NATO has been the focus we are active throughout the world including on operations with the UN, enduring and expanding commitments in the Middle East and a deployment to the Far East.
The UK continues to play a leading role in NATO’s strengthened defence posture providing high readiness forces and capabilities in support of our allies.
Scale of Ambition
From Campaign to Contingency

Contingency

Deterrence
We have leveraged our access to PASOLS to establish staff talks with a number of Asian states in support of UK DE priorities.

Supported the planning for Ex SAIF SAREEA 18.

We have provided expertise on doctrine development in support of FPDA.

Developed a close relationship with the US Joint Staff providing access to US innovation agenda and collaboration on cyber.

Maintaining relationship with US, CAN, AUS logistics leadership to shape joint solutions.

Working with AFRICOM to shape the development of the African Logistics Forum alongside STTT led by 102X.

Provided expertise on doctrine development in support of FPDA.

Became only the third state to agree a Mutual Logistic Support Agreement with Japan.

Delivering a Joint POW deepening collaboration across the logistics enterprise.

Re-established the strategic logistic relationship with the French and shaped CJEF development.

Strategic engagement in support of JEF planning.

Through regular engagement shaped the development of the VJFT(L) and eFP planning/support solutions alongside leading the NATO TOC SMART Defence project.
