VULCAN
White Paper Submissions

OBJECTIVE (Mark your Calendar: 24 OCT 18)
• Enhance PEO-SW and Supported Community User Team collaboration with industry in support of the SOF Operator.
• Identify innovative capability solutions that might add enhanced capabilities to the Special Operations Forces (SOF) warfighter.
• Influence Industry Research and Development (IRAD) - We want industry working on the right stuff that meets our Interests!
Vulcan – Technology Scouting Application

• Web-based platform that enables anyone to quickly describe technology and upload supporting documentation to a secure, shared, searchable, central database
  – Information is entered into a “Scout Card”
  – Scout Cards can be easily disseminated across the SOF enterprise to individuals or teams
  – Enables everyone in SOF to be a Tech Scout

• Government users can remotely “poke” the organization or individual who originally entered the data to provide updates/respond to comments

• Vulcan supports evaluation/assessment/scoring of submitted technologies, and sharing of results

• Each time a Scout Card is interacted with it has an associated timeline showing technology maturation across events
